The Great American Trailer Park Musical

Irreverent – Memorable – Energetic

Welcome to Armadillo Acres, Florida's most exclusive trailer park, where the sun is hot, the drama is hotter, and the hairspray is flammable. In *The Great American Trailer Park Musical*, the arrival of Pippi—a stripper on the run—throws the lives of agoraphobic Jeannie and her tollbooth-collector husband, Norbert, into a whirlwind of chaos. Add in a Greek chorus of trailer park divas, a marker-sniffing ex-boyfriend, and a twist that's stranger than fiction, and you've got a hilarious, heartfelt musical that's equal parts outrageous and endearing. With a score that blends country, rock, and disco, this show is a rollicking ride through love, loss, and the joys of double-wide living.
